Embedded Planet	epSDK Zephyr	FIRMWARE RELEASE
Date 29 SEP 2026	Document: P37300000000097 Version: 00.00.03	Prepared by: M. Golob

1. DESCRIPTION

Firmware for the epSDK example projects.

The following example projects are provided with the epSDK:

- [epConnectedSensor](#): [Repository](#)

The project repositories contain the source code for the application. When the epSDK library is purchased, the EP provided static library shall be placed in the epSDK/library folder of the repository.

2. SOURCE

The source code used to generate the libraries is located here:

[EmbeddedPlanet/epSDK-Zephyr-Agora53-Pvt](#)

The ep-nrf repo used to generate the library is here:

[EmbeddedPlanet/ep-nrf at 1955995ec90f07f5b93b323567e6f5c363fa9d4e](#)

The public repo projects are located here:

[EmbeddedPlanet/epSDK-Zephyr-Agora53-Pvt at 54c13a3e7ec7a90733f0eebd7c95cbb94d0fd3c1](#)

3. VERSIONS

3.1 V00.00.01

Initial release version.
